

Partners in Policymaking

Virginia Board for
People with Disabilities

Make a Difference in Your Community. Become a Partner in Policymaking.

More than four hundred Virginia Partner in Policymaking (PIP) alumni, and thousands who have graduated from PIP programs across the country, have learned how to make a difference every day for themselves, their families, and communities.

Individuals participating in PIP attend advocacy training, resource development, and skill building workshops led by state and national experts. Topics covered include the history of the disability rights movement, self-advocacy, independent living, employment, building inclusive communities, natural supports, legislative advocacy, assistive technology, communication, team building, and much more.

You can become involved and make a difference. Apply today!
