⁶ *The 1975 Amendments, sec. 112(b)(1) added authorizations for fiscal years 1976, 1977, and 1978, and for the period July 1–Sept. 30, 1976.*

⁷ *From 1969 until enactment of the 1973 Amendments, there were two separate authorizations for project support and for planning, coordination, evaluation and administration of State plans. The 1973 Amendments provide one authorization for these two purposes.*

(2) Subject to the provisions of paragraph (3),¹⁰ from the sums appropriated for the fiscal year ending June 30, 1974, for the fiscal year ending June 30, 1975, for the fiscal year ending June 30, 1976, the period beginning July 1, 1976, and ending September 30, 1976, and for the fiscal years ending September 30, 1977, and 1978,¹¹ each State shall be allotted an amount which bears the same ratio to such sums as the population aged sixty or over in such State bears to the population aged sixty or over in all States, except that (A) no State shall be allotted less than one-half of 1 per centum of the sum appropriated for the fiscal year for which the determination is made; (B) Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands shall each be allotted no less than one-fourth of 1 per centum of the sum appropriated for the fiscal year for which the determination is made; and (C) no State shall be allotted an amount less than that State received for the fiscal year ending June 30, 1973. For the purpose of the exception contained in clause (A) of this paragraph only, the term "State" does not include Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(3) ¹⁰ (A) In any State in which the Commissioner determines (after having taken into account the amount of funds available to the State agency or to an appropriate area agency on aging to carry out the purposes of this title) that the members of an Indian tribe are not receiving benefits under this title that are equivalent to benefits provided to other older persons in the State or appropriate area, and if he further determines that the members of such tribe would be better served by means of grants made directly to provide such benefits, he shall reserve from sums that would otherwise be allotted to such State under paragraph (2) not less than 100 per centum nor more than 150 per centum of an amount which bears the same ratio to the State's allotment for the fiscal year involved as the population of all Indians aged sixty or over for whom a determination under this paragraph has been made bears to the population of all persons aged sixty or over in such State.

(4) The number of persons aged sixty or over in any State and in all States, and the number of Indians aged sixty or over on, or in proximity to, any Federal or State reservation or rancheria¹² shall be determined by the Commissioner on the basis of the most recent and satisfactory data available to him.

(c) Whenever the Commissioner determines¹³ that any amount allotted to a State for a fiscal year under this section will not be used by such State for carrying out the purpose for which the allotment was made, he shall make such amount available for carrying out such purpose to one or more other States to the extent he determines such other States will be able to use such additional amount for carrying out such purpose. Any amount made available to a State from an appropriation for a fiscal year pursuant to the preceding sentence shall, for purposes of this title, be regarded as part of such State's allotment (as determined under the preceding provisions of this section) for such year.

(2) such amount as the State agency determines, but (beginning with the fiscal year ending June 30, 1975) not more than 20 per centum

¹² *The comma and 21 words following "States" were inserted by the 1975 Amendments, sec. 104(d).*

¹³ *Until 1969, the Act required that, in order for an amount to be available for reallocation from the State to which it was allotted, the State must have first notified the Secretary that that amount will not be required in that State. The 1969 Amendments, sec. 6 deleted "State notifies the Secretary" and inserted "Secretary determines" (that such funds will not be needed in that State).*

The remainder of such allotment shall be available to such State only for paying such percentage as the State agency determines, but not more than 90 per centum ¹⁴ of the cost of social services provided in the State as a part of comprehensive and coordinated systems in planning and service areas for which there is an area plan approved by the State agency.

(2) the State plan has been so changed that it no longer complies with the provisions of subsection (a), or

(3) in the administration of the plan there is a failure to comply substantially with any such provision of subsection (a), the Commissioner shall notify such State agency that no further payments from its allotments under section 303 and section 306 will be made to the State (or, in his discretion, that further payments to the State will be limited to projects under or portions of the State plan not affected by such failure), until he is satisfied that there will no longer be any failure to comply. Until he is so satisfied, no further payments shall be made to such State from its allotments under section 303 and section 306 (or payments shall be limited to projects under or portions of the State plan not affected by such failure). The Commissioner shall, in accordance with regulations he shall prescribe, disburse the funds so withheld directly to any public or nonprofit private organization or agency or political subdivision of such State²⁹ submitting an approved plan in accordance with the provisions of section 304 and section 306. The judgment of the court affirming or setting aside, in whole or in part, any action of the Commissioner shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. SEC. 306. (a)(1) Amounts appropriated as authorized by section 303 ³⁰ may be used to make grants to States for paying such percentages as each State agency determines, but not more than 75 per centum,³¹ of the cost of the administration of its State plan, including the preparation of the State plan, the evaluation of activities carried out under such plan, the collection of data and the carrying out of analyses related to the need for social services within the State, the dissemination of information so obtained, the provision of short-term training to personnel of public or nonprofit private agencies and organizations engaged in the operation of programs authorized by this Act, and the carrying out of demonstration projects of statewide significance relating to the initiation, expansion, or improvement of social service.

(2) Any sums allotted to a State under this section for covering part of the cost of the administration of its State plan which the State determines is not needed for such purpose may be used by such State to supplement the amount available under section 303(e)(1) to cover part of the cost of the administration of area plans.

(3) Any State which has designated a single planning and service area pursuant to section 304(a)(1)(E) covering all, or substantially all, of the older persons in such State, as determined by the Commissioner, may elect to pay part of the costs of the administration of State and area plans either out of sums allotted under this section or out of sums made available for the administration of area plans pursuant to section 303(e)(1), but shall not pay such costs out of sums allotted under both such sections.

(b)(1) From the sums appropriated for any fiscal year under section

Any such application shall be transmitted in such form, and according to such procedures, as the Commissioner may require, except that such application may not be made as part of, or as an amendment to, the State plan.

(B) The Commissioner may approve any application transmitted by a State under subparagraph (A) if the Commissioner determines, based upon a particularized showing of need, that—

(i) such State will be unable to fully and effectively administer its State plan and to carry out programs and projects authorized

(ii) such State is making full and effective use of its allotment under paragraph (1) and of the personnel of the State agency and area agencies designated under section 305 in the administration of its State plan in accordance with subsection (a); and

(iii) the State agency and area agencies of such State designated under section 305 are carrying out, on a full-time basis, programs and activities which are in furtherance of the purposes of this Act.

(C) The Commissioner may approve that portion of the amount requested by a State in its application under subparagraph (A) which he determines has been justified in such application.

(D) Amounts which any State may receive in any fiscal year under this paragraph may not exceed three-fourths of 1 per centum of the sum of the amounts allotted to such State to carry out the State plan under section 303(b) and section 703(a) for such fiscal year.

(E) No application by a State under subparagraph (A) shall be approved unless it contains assurances that no amounts received by such State under this paragraph will be used to hire any person to fill a job opening created by the action of such State in laying off or terminating the employment of any regular employee not supported under this Act in anticipation of filling the vacancy so created by hiring an employee to be supported through use of amounts received under this paragraph.

TITLE IV—TRAINING¹ AND RESEARCH

PART A—TRAINING

STATEMENT OF PURPOSE

SEC. 401. The purpose of this part is to improve the quality of service and to help meet critical shortages of adequately trained personnel for programs in the field of aging by (1) developing information on the actual needs for personnel to work in the field of aging, both present and long range; (2) providing a broad range of quality training and retraining opportunities, responsive to changing needs of programs in the field of aging; (3) attracting a greater number of qualified persons into the field of aging; and (4) helping to make personnel training programs more responsive to the need for trained personnel in the field of aging.

APPRAISING PERSONNEL NEEDS IN THE FIELD OF AGING

SEC. 402. (a) The Commissioner shall from time to time appraise the Nation's existing and future personnel needs in the field of aging, at all levels and in all types of programs, and the adequacy of the Nation's efforts to meet these needs. In developing information relating to personnel needs in the field of aging, the Commissioner shall consult with, and make maximum utilization of statistical and other related information of the Department of Labor, the Veterans' Administration, the Office of Education, Federal Council on the Aging, the National Foundation on the Arts and Humanities, State educational agencies, other State and local public agencies and offices dealing with problems of the aging, State employment security agencies, and other appropriate public and private agencies.

¹ *From the 1965 Act until the 1973 Amendments, the provisions of the Act relating to Training were in Title V, which was devoted exclusively to that subject. The 1973 Amendments repealed Title V and devoted this new Part A, Title IV, to that subject. Before the 1973 Amendments, sec. 501 contained language somewhat comparable to that of the new sec. 404. There was nothing in the former Title V comparable to the new sections 401, 402, and 403. The 1973 Amendments repealed sec. 503, which had been added by the 1967 Amendments, sec. 6. That section of the Act authorized the Secretary to study and report to the President and to the Congress concerning needs for trained personnel in aging. The study was conducted and the report was transmitted, as required.*

(b) The Commissioner shall prepare and publish annually as a part of the annual report provided in section 208 a report on the professions dealing with the problems of the aging, in which he shall present in detail his view on the state of such professions and the trends which he discerns with respect to the future complexion of programs for the aging throughout the Nation and the funds and the needs for well-educated personnel to staff such programs. The report shall indicate the Commissioner's plans concerning the allocation of Federal assistance under this title in relation to the plans and programs of other Federal agencies.

ATTRACTING QUALIFIED PERSONS TO THE FIELD OF AGING

SEC. 403. The Commissioner may make grants to State agencies referred to in section 304, State or local educational agencies, institutions of higher education as defined in section 1201(a) of the Higher Education Act of 1965,² or other public or nonprofit private agencies, organizations, or institutions, and he may enter into contracts with any agency, institution, or organization for the purpose of—

(1) publicizing available opportunities for careers in the field of aging;

(2) encouraging qualified persons to enter or reenter the field of aging;

(3) encouraging artists, craftsmen, artisans, scientists, and persons from other professions and vocations and homemakers, to undertake assignments on a part-time basis or for temporary periods in the field of aging; or

(4) preparing and disseminating materials including audiovisual materials and printed materials, for use in recruitment and training of persons employed or preparing for employment in carrying out programs related to the purposes of this Act.

(6) the provision of increased opportunities for practical experience.

(b) The Commissioner may include in the terms of any contract or grant under this part provisions authorizing the payment, to persons participating in training programs supported under this part, of such stipends (including allowances for subsistence and other expenses for such persons and their dependents) as he determines to be consistent with prevailing practices under comparable federally supported programs. Where the Commissioner provides for the use of funds under this section for fellowships, he shall (in addition to stipends for the recipients) pay to colleges or universities in which the fellowship is being pursued such amounts as the Commissioner shall determine to be consistent with prevailing practices under comparable federally supported programs.

³ *The 1975 Amendments, sec. 110(b), substituted the present paragraphs (1) and (2) for the previous paragraph (1), enacted by the 1973 Amendments as a provision of sec. 404. The deleted paragraph (1) reads as follows:*

(2) the application contains or is supported by reasonable assurances that there are no existing facilities in the community suitable for leasing as a multipurpose senior center;

The Secretary of Labor shall have, with respect to the labor standards specified in this paragraph, the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 64 Stat. 1267), and section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c).

The amount so reserved may be paid in advance or by way of reimbursement, and in such installments consistent with progress in alteration or renovation, as the Commissioner may determine. (a) the owner of the facility ceases to be a public or nonprofit private agency or organization, or

(b) the facility ceases to be used for the purposes for which it was purchased (unless the Commissioner determines, in accordance with regulations, that there is good cause for releasing the applicant or other owner from the obligation to do so),

the United States shall be entitled to recover from the applicant or other owner of the facility an amount which bears to the then value of the facility (or so much thereof as constituted an approved project or projects) the same ratio as the amount of such Federal funds bore to the cost of the facility financed with the aid of such funds. Such value shall be determined by agreement of the parties or by action brought in the United States district court for the district in which such facility is situated.

SEC. 505. (a) There are authorized to be appropriated for the purpose of making grants or contracts under section 501, such sums as may be necessary for the fiscal year ending June 30, 1973, the fiscal year ending June 30, 1974, the fiscal year ending June 30, 1975 the fiscal

year ending June 30, 1976, the period beginning July 1, 1976, and ending September 30, 1976, and the fiscal years ending September 30, 1977, and 1978.²

(b) Sums appropriated for any fiscal year under subsection (a) of this section and remaining unobligated at the end of such year shall remain available for such purpose for the next fiscal year.

MORTGAGE INSURANCE FOR MULTIPURPOSE SENIOR CENTERS

SEC. 506. (a) It is the purpose of this section to assist and encourage the provision of urgently needed facilities for programs for the elderly.

(b) For the purpose of this part the terms "mortgage", "mortgagor", "mortgagee", "maturity date", and "State" shall have the meanings respectively set forth in section 207 of the National Housing Act.

² *The 1975 Amendments, sec. 112(e) added authorizations for fiscal years 1976, 1977, and 1978, and for the period July 1–Sept. 30, 1976.*

(c) The Secretary of Health, Education, and Welfare is authorized to insure any mortgage (including advances on such mortgage during acquisition, alteration, or renovation) in accordance with the provisions of this section upon such terms and conditions as he may prescribe and make commitments for insurance of such mortgage prior to the date of its execution or disbursement thereon.

(d) In order to carry out the purpose of this section, the Secretary is authorized to insure any mortgage which covers a new multipurpose senior center, including equipment to be used in its operation, subject to the following conditions:

(1) The mortgage shall be executed by a mortgagor, approved by the Secretary, who demonstrates ability successfully to operate one or more programs for the elderly. The Secretary may in his discretion require any such mortgagor to be regulated or restricted as to minimum charges and methods of financing, and, in addition thereto, if the mortgagor is a corporate entity, as to capital structure and rate of return. As an aid to the regulation or restriction of any mortgagor with respect to any of the foregoing matters, the Secretary may make such contracts with and acquire for not to exceed \$100 such stock interest in such mortgagor as he may deem necessary. Any stock or interest so purchased shall be paid for out of the Multipurpose Senior Center Insurance Fund, and shall be redeemed by the mortgagor at par upon the termination of all obligations of the Secretary under the insurance.

(2) The mortgage shall involve a principal obligation in an amount not to exceed \$250,000 and not to exceed 90 per centum of the estimated replacement cost of the property or project, including equipment to be used in the operation of the multipurpose senior center, when the proposed improvements are completed and the equipment is installed.

(3) The mortgage shall—

(A) provide for complete amortization by periodic payments within such term as the Secretary shall prescribe, and

(B) bear interest (exclusive of premium charges for insurance and service charges, if any) at not to exceed such per centum per annum on the principal obligation outstanding at any time as the Secretary finds necessary to meet the mortgage market.

(4) The Secretary shall not insure any mortgage under this section unless he has determined that the center to be covered by the mortgage will be in compliance with minimum standards to be prescribed by the Secretary.

(5) In the plans for such Multipurpose Senior Center, due consideration shall be given to excellence of architecture and design, and to

the inclusion of works of art (not representing more than 1 per centum of the cost of the project).

(e) The Secretary shall fix and collect premium charges for the insurance of mortgages under this section which shall be payable annually in advance by the mortgagee, either in cash or in debentures of the Multipurpose Senior Center Insurance Fund (established by subsection (h)) issued at par plus accrued interest. In the case of any mortgage such charge shall be not less than an amount equivalent to one-fourth of 1 per centum per annum nor more than an amount equivalent to 1 per centum per annum of the amount of the principal obligation of the mortgage outstanding at any one time, without taking into account delinquent payments or prepayments. In addition to the premium charge herein provided for, the Secretary is authorized to charge and collect such amounts as he may deem reasonable for the appraisal of a property or project during acquisition, alteration, or renovation; but such charges for appraisal and inspection shall not aggregate more than 1 per centum of the original principal face amount of the mortgage.

(f) The Secretary may consent to the release of a part or parts of the mortgaged property or project from the lien of any mortgage insured under this section upon such terms and conditions as he may prescribe.

(g) (1) The Secretary shall have the same functions, powers, and duties (insofar as applicable) with respect to the insurance of mortgages under this section as the Secretary of Housing and Urban Development has with respect to the insurance of mortgages under title II of the National Housing Act.

(2) The provisions of subsections (e), (g), (h), (i), (j), (k), (l), and (n) of section 207 of the National Housing Act shall apply to mortgages insured under this section; except that, for the purposes of their application with respect to such mortgages, all references in such provisions to the General Insurance Fund shall be deemed to refer to the Multipurpose Senior Center Insurance Fund, and all references in such provisions to "Secretary" shall be deemed to refer to the Secretary of Health, Education, and Welfare.

(h) (1) There is hereby created a Multipurpose Senior Center Insurance Fund which shall be used by the Secretary as a revolving fund for carrying out all the insurance provisions of this section. All mortgages insured under this section shall be insured under and be the obligation of the Multipurpose Senior Center Insurance Fund.

(2) The general expenses of the operations of the Department of Health, Education, and Welfare relating to mortgages insured under this section may be charged to the Multipurpose Senior Center Insurance Fund.

(3) Moneys in the Multipurpose Senior Center Insurance Fund not needed for the current operations of the Department of Health, Education, and Welfare with respect to mortgages insured under this section shall be deposited with the Treasurer of the United States to the credit of such fund, or invested in bonds or other obligations of, or in bonds or other obligations guaranteed as to principal and interest by, the United States. The Secretary may, with the approval of the Secretary of the Treasury, purchase in the open market debentures issued as obligations of the Multipurpose Senior Center Insurance Fund. Such purchases shall be made at a price which will provide an investment yield of not less than the yield obtainable from other investments authorized by this section. Debentures so purchased shall be canceled and not reissued.

(4) Premium charges, adjusted premium charges, and appraisal and other fees received on account of the insurance of any mortgage under this section, the receipts derived from property covered by such mortgages and from any claims, debts, contracts, property, and security assigned to the Secretary in connection therewith, and all earnings as the assets of the fund, shall be credited to the Multipurpose Senior Center Insurance Fund. The principal of, and interest paid and to be paid on, debentures which are the obligation of such fund, cash insurance payments and adjustments, and expenses incurred in the handling, management, renovation, and disposal of properties acquired, in connection with mortgages insured under this section, shall be charged to such fund.

(5) There are authorized to be appropriated to provide initial capital for the Multipurpose Senior Center Insurance Fund, and to assure the soundness of such fund thereafter, such sums as may be necessary.

ANNUAL INTEREST GRANTS

SEC. 507. (a) To assist nonprofit private agencies to reduce the cost of borrowing from other sources for the acquisition, alteration or renovation of facilities, the Secretary may make annual interest grants to such agencies.

(b) Annual interest grants under this section with respect to any facility shall be made over a fixed period not exceeding forty years, and provision for such grants shall be embodied in a contract guaranteeing their payment over such period. Each such grant shall be in an amount not greater than the difference between (1) the average annual debt service which would be required to be paid, during the life of the loan, on the amount borrowed from other sources for the acquisition, altera-

tion or renovation of such facilities, and (2) the average annual debt service which the institution would have been required to pay, during the life of the loan, with respect to such amounts if the applicable interest rate were 3 per centum per annum: *Provided*, That the amount on which such grant is based shall be approved by the Secretary.

(c) (1) There are hereby authorized to be appropriated to the Secretary such sums as may be necessary for payment of annual interest grants in accordance with this section.

(2) Contracts for annual interest grants under this section shall not be entered into in an aggregate amount greater than is authorized in appropriation Acts.

(d) Not more than 12½ per centum of the funds provided for in this section for grants may be used within any one State.

PART B—INITIAL STAFFING OF MULTIPURPOSE SENIOR CENTERS

PERSONNEL STAFFING GRANT PROGRAM AUTHORIZED

SEC. 511. (a) For the purpose of assisting in the establishment and initial operation of multipurpose senior centers the Commissioner may, in accordance with the provisions of this part, make grants to meet, for the temporary periods specified in this part, all or part of the costs of compensation of professional and technical personnel for the initial operation of new multipurpose senior centers and for the delivery of social services established therein.

(b) Grants for such costs of any center under this title may be made only for the period beginning with the first day of the first month for which such grant is made and ending with the close of three years after such first day. Such grants with respect to any center may not exceed 75 per centum of such costs for the first year of the project, 66⅔ per centum of such costs for the second year of the project, and 50 per centum of such costs for the third year of the project.

(c) In making such grants, the Secretary shall take into account the relative needs of the several States for community centers for senior citizens, their relative financial needs, and their population of persons over sixty years of age.

(d) For the purpose of this part, there are authorized to be appropriated such sums as may be necessary for the fiscal year ending June 30, 1973, and for each of the next two succeeding fiscal years.

TITLE VI (Repealed)

Note: The 1969 Amendments added to the Act a new Title VI, entitled, "National Older Americans Volunteer Program." However, this title was repealed by the "Domestic Volunteer Service Act of 1973" (P.L. 93-113, enacted October 1, 1973), which incorporated most of the substance of the repealed Title VI of the Older Americans Act into Title II of that Act. The text of Title II of the Domestic Volunteer Service Act of 1973 appears beginning on page 80 of this publication.¹

TITLE VII—NUTRITION PROGRAM FOR THE ELDERLY ²

FINDINGS AND PURPOSE

SEC. 701. (a) The Congress finds that the research and development nutrition projects for the elderly conducted under title IV of the Older Americans Act have demonstrated the effectiveness of, and the need for, permanent nationwide projects to assist in meeting the nutritional and social needs of millions of persons aged sixty or older. Many elderly persons do not eat adequately because (1) they cannot afford to do so;

(2) they lack the skills to select and prepare nourishing and well-balanced meals; (3) they have limited mobility which may impair their capacity to shop and cook for themselves; and (4) they have feelings of rejection and loneliness which obliterate the incentive necessary to prepare and eat a meal alone. These and other physiological, psychological, social, and economic changes that occur with aging result in a pattern of living, which causes malnutrition and further physical and mental deterioration.

(b) In addition to the food stamp program, commodity distribution systems and old-age income benefits, there is an acute need for a

¹ From 1969, when Title VI was added to the Act, until July 1, 1971, the Retired Senior Volunteer Program and the Foster Grandparent Program were administered in the Administration on Aging. Effective on that date, the two programs were transferred to the new ACTION agency, by the terms of the President's Reorganization Plan No. 1 of 1971.

² The 1972 Amendments (P.L. 92-258) inserted Title VII.

national policy which provides older Americans, particularly those with low incomes, with low cost, nutritionally sound meals served in strategically located centers such as schools, churches, community centers, senior citizen centers, and other public or private nonprofit institutions where they can obtain other social and rehabilitative services. Besides promoting better health among the older segment of our population through improved nutrition, such a program would reduce the isolation of old age, offering older Americans an opportunity to live their remaining years in dignity.

ADMINISTRATION

SEC. 702. (a) In order to effectively carry out the purposes of this title, the Commissioner³ shall—

(1) administer the program through the Administration on Aging; and

(2) consult with the Secretary of Agriculture and make full utilization of the Food and Nutrition Service, and other existing services of the Department of Agriculture.

(b) In carrying out the provisions of this title, the Commissioner is authorized to request the technical assistance and cooperation of the Department of Labor, the Office of Economic Opportunity, the Department of Housing and Urban Development, the Department of Transportation, and such other departments and agencies of the Federal Government as may be appropriate.

(c) The Commissioner is authorized to use, with their consent, the services, equipment, personnel, and facilities of Federal and other agencies with or without reimbursement and on a similar basis to cooperate with other public and private agencies and instrumentalities in the use of services, equipment, personnel, and facilities.

(d) In carrying out the purposes of this title, the Commissioner is authorized to provide consultative services and technical assistance to any public or private nonprofit institution or organization, agency, or political subdivision of a State; to provide short-term training and technical instruction; and to collect, prepare, publish, and disseminate special educational or informational materials, including reports of the projects for which funds are provided under this title.

³ *The 1973 Amendments, sec. 704(c) substituted "Commissioner" for "Secretary" throughout Title VII.*

ALLOTMENT OF FUNDS

SEC. 703. (a)(1) From the sums appropriated for any fiscal year under section 708, each State shall be allotted an amount which bears the same ratio to such sum as the population aged 60 or over in such State bears to the population aged 60 or over in all States, except that (A) no State shall be allotted less than one-half of 1 per centum of the sum appropriated for the fiscal year for which the determination is made; and (B) Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands shall each be allotted an amount equal to one-fourth of 1 per centum of the sum appropriated for the fiscal year for which the determination is made. For the purpose of the exception contained in this paragraph, the term "State" does not include Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(2) The number of persons aged sixty or over in any State and for all States shall be determined by the Commissioner on the basis of the most satisfactory data available to him.

(b) The amount of any State's allotment under subsection (a) of any fiscal year which the Commissioner determines will not be required for that year shall be reallocated, from time to time and on such dates during such year as the Commissioner may fix, to other States in proportion to the original allotments to such States under subsection (a) for that year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Commissioner estimates such State needs and will be able to use for such year; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Such reallocations shall be made on the basis of the State plan so approved, after taking into consideration the population aged sixty or over. Any amount reallocated to a State under this subsection during a year shall be deemed part of its allotment under subsection (a) for that year.

(c) The allotment of any State under subsection (a) for any fiscal year shall be available for grants to pay up to 90 per centum of the costs of projects in such State described in section 706 and approved by such State in accordance with its State plan approved under section 705, but only to the extent that such costs are both reasonable and necessary for the conduct of such projects, as determined by the Commissioner in accordance with criteria prescribed by him in regulations. Such allotment to any State in any fiscal year shall be made upon the condition that the Federal allotment will be matched during each fiscal year by 10 per centum, or more, as the case may be, from funds or in-kind resources from non-Federal sources.

(d) If the Commissioner finds that any State has failed to qualify

under the State plan requirements of section 705, the Commissioner shall withhold the allotment of funds to such State referred to in subsection (a). The Commissioner shall disburse the funds so withheld directly to any public or private nonprofit institution or organization, agency, or political subdivision of such State submitting an approved plan in accordance with the provisions of section 705, including the requirement that any such payment or payments shall be matched in the proportion specified in subsection (c) for such State, by funds or in-kind resources from non-Federal sources.

(e) The State agency may, upon the request of one or more recipients of a grant or contract, purchase agricultural commodities and other foods to be provided to such nutrition projects assisted under this part. The Commissioner may require reports from State agencies, in such form and detail as he may prescribe, concerning requests by recipients of grants or contracts for the purchase of such agricultural commodities and other foods, and action taken thereon.

PAYMENT OF GRANTS

SEC. 704. Payments pursuant to grants or contracts under this title may be made in installments, and in advance or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments, as the Commissioner may determine.

STATE PLANS

SEC. 705. (a) Any State which desires to receive allotments under this title shall submit to the Commissioner for approval a State plan for purposes of this title which, in the case of a State agency designated pursuant to section 304 of this Act, shall be in the form of an amendment to the State plan provided in section 305. Such plan shall—

(1) establish or designate a single State agency⁴ as the sole agency for administering or supervising the administration of the plan and coordinating operations under the plan with other agencies providing services to the elderly, which agency shall be the agency designated pursuant to section 304(a)(1) of this Act, unless the Governor of such State shall, with the approval of the Commissioner, designate another agency;

⁴ See Title III footnote 15.

(2) set forth such policies and procedures as will provide satisfactory assurance that allotments paid to the State under the provisions of this title will be expended—

(A) to make grants in cash or in kind to any public or private non-profit institution or organization, agency, or political subdivision of a State (referred to herein as “recipient of a grant or contract”)—

(i) to carry out the program as described in section 706.

(ii) to provide up to 90 per centum of the costs of the purchase and preparation of the food; delivery of the meals; and such other reasonable expenses as may be incurred in providing nutrition services to persons aged sixty or over. Recipients of grants or contracts may charge participating individuals for meals furnished pursuant to guidelines established by the Commissioner, taking into consideration the income ranges of eligible individuals in local communities and other sources of income of the recipients of a grant or a contract.

(iii) to provide up to 90 per centum of the costs of such supporting services as may be necessary in each instance, such as the costs of related social services and, where appropriate, the costs of transportation between the project site and the residences of eligible individuals who could not participate in the project in the absence of such transportation, to the extent such costs are not met through other Federal, State, or local programs.

(B) to provide for the proper and efficient administration of the State plan at the least possible administrative cost. Funds allotted to a State for State planning and administration pursuant to section 306 of this Act may be used for the administration of the State plan submitted pursuant to this section, except that wherever the governor of the State designates an agency other than the agency designated under section 304(a)(1) of this Act, then the Commissioner shall determine that portion of a State’s allotment under section 306 which shall be available to the agency designated under section 705(a)(1) for planning and administration.⁵ In administering the State plan, the State agency shall—

(i) make reports, in such form and containing such information, as the Commissioner may require to carry out his functions under this title, including reports of participation by the groups specified in subsection (4) of this section; and keep such records and afford such access thereto as the Commissioner may find necessary to assure the correctness and verification of such reports and proper disbursement of Federal funds under this title, and

⁵ *This sentence was inserted by the 1973 Amendments, sec. 703.*

(ii) provide satisfactory assurance that such fiscal control and fund accounting procedures will be adopted as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid under this title to the State, including any such funds paid by the State to the recipient of a grant or contract.

(3) provide such methods of administration (including methods relating to the establishment and maintenance of personnel standards on a merit basis, except that the Commissioner shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods) as are necessary for the proper and efficient operation of the plan.

(4) provide that preference shall be given in awarding grants to carry out the purposes of this title to projects serving primarily low-income individuals and provide assurances that, to the extent feasible, grants will be awarded to projects operated by and serving the needs of minority, Indian, and limited English-speaking eligible individuals in proportion to their numbers in the State.

(5) ⁶ provide that, when mutually agreed upon by recipients of grants and contracts and area planning and service area agencies, nutrition projects assisted under this title shall be made a part of the comprehensive and coordinated systems established under title III of this Act.

(b) The Commissioner shall approve any State plan which he determines meets the requirements and purposes of this section.

(c) Whenever the Commissioner subject to reasonable notice and opportunity for hearing to such State agency, finds (1) that the State plan has been so changed that it no longer complies with the provisions of this title, or (2) that in the administration of the plan there is a failure to comply substantially with any such provision or with any requirements set forth in the application of a recipient of a grant or contract approved pursuant to such plan, the Commissioner shall notify such State agency that further payments will not be made to the State under the provisions of this title (or in his discretion, that further payments to the State will be limited to programs or projects under the State plan, or portions thereof, not affected by the failure, or that the State agency shall not make further payments under this part to specified local agencies affected by the failure) until he is satisfied that there is no longer any such failure to comply. Until he is so satisfied, the Commissioner shall make no further payments to the State under this title, or shall limit

⁶ *The 1973 Amendments, sec. 702 added paragraph (5).*

payments to recipients of grants or contracts under, or parts of, the State plan not affected by the failure, or payments to the State agency under this title shall be limited to recipients of grants or contracts not affected by the failure, as the case may be.

(d)(1) If any State is dissatisfied with the Commissioner's final action with respect to the approval of its State plan submitted under subsection (a), or with respect to termination of payments in whole or in part under subsection (c), such State may, within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner. The Commissioner thereupon shall file in the court the record of the proceeding on which he based his action, as provided in section 2112 of title 28, United States Code.

(2) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(3) The court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

NUTRITION AND OTHER PROGRAM REQUIREMENTS

SEC. 706. (a) Funds allotted to any State during any fiscal year pursuant to section 703 shall be disbursed by the State agency to recipients of grants or contracts who agree—

(1) to establish a project (referred to herein as a "nutrition project") which, five or more days per week, provides at least one hot meal per day and any additional meals, hot or cold, which the recipient of a grant or contract may elect to provide, each of which assures a minimum of one-third of the daily recommended dietary allowances as established by the Food and Nutrition Board of the National Academy

of Sciences-National Research Council;

(2) to provide such nutrition project for individuals aged sixty or over who meet the specifications set forth in clauses (1), (2), (3), or (4) of section 701(a) and their spouses (referred to herein as "eligible individuals");

(4) to utilize methods of administration, including outreach, which will assure that the maximum number of eligible individuals may have an opportunity to participate in such nutrition project;

(5) to provide special menus, where feasible and appropriate, to meet the particular dietary needs arising from the health requirements, religious requirements, or ethnic backgrounds of eligible individuals;

(6) to provide a setting conducive to expanding the nutrition project and to include, as a part of such project, recreational activities, informational, health and welfare counseling and referral services, where such services are not otherwise available;

(7) to include such training as may be necessary to enable the personnel to carry out the provisions of this title;

(8) to establish and administer the nutrition project with the advice of persons competent in the field of service in which the nutrition program is being provided, of elderly persons who will themselves participate in the program, and of persons who are knowledgeable with regard to the needs of elderly persons;

(9) to provide an opportunity to evaluate the effectiveness, feasibility, and cost of each particular type of such project;

(10) to give preference to persons aged sixty or over for any staff positions, full- or part-time, for which such persons qualify and to encourage the voluntary participation of other groups, such as college and high school students in the operation of the project; and

(11) to comply with such other standards as the Commissioner may by regulation prescribe in order to assure the high quality of the nutrition project and its general effectiveness in attaining the objectives of this title.

(b) The Commissioner and the Comptroller General of the United States or any of their duly authorized representatives shall have access for the purpose of audit and examination to any books, documents, papers, and records that are pertinent to a grant or contract received under this title.

TITLE VIII (Repealed)

NOTE: From 1965 until the 1973 Amendments, the last title of the Act was the "GENERAL" title. Beginning with the 1965 Act, it was Title VI. When the 1969 Amendments added a new Title VI ("National Older Americans Volunteer Program"), the "GENERAL" title became Title VII. When the 1972 Amendments added present Title VII ("Nutrition Program for the Elderly"), the "GENERAL" title became Title VIII. The 1973 Amendments repealed Title VIII, but added new sections in Title II covering the same subjects as were in the sections of the former Title VIII. (See Title II's footnotes 7 through 15 and 18 through 21.)

A new Title VIII for the Act was proposed by H.R. 3922, as it passed the U.S. House of Representatives on April 8, 1975. This bill was eventually enacted as the Older Americans Amendments of 1975, P.L. 94-135 (referred to in this work as "the 1975 Amendments"). However, the proposed Title VIII was deleted during the later stages of the bill's consideration. Its purpose was at least partially served by sec. 106(b) of the 1975 Act, which added sec. 305(b) to the Act.

TITLE IX—COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS¹

SHORT TITLE

SEC. 901. This title may be cited as the "Older American Community Service Employment Act".

OLDER AMERICAN COMMUNITY SERVICE EMPLOYMENT PROGRAM

SEC. 902. (a) In order to foster and promote useful part-time opportunities in community service activities for unemployed low-income persons who are fifty-five years old and who have poor employment prospects, the Secretary of Labor (hereinafter in this title referred to as the "Secretary") is authorized to establish an older American community service employment program.

(b)(1) In order to carry out the provisions of this title, the Secretary is authorized to enter into agreements with public or private nonprofit agencies or organizations, including national organizations,² agencies of a State government or a political subdivision of a State (having elected or duly appointed governing officials), or a combination of such political subdivisions, or tribal organizations in order to further the purposes and goals of the program. Such agreements may include provisions for the payment of costs, as provided in subsection (c), of projects developed by such organizations and agencies in cooperation with the Secretary in order to make the program effective or to supplement the program. No payment shall be made by the Secretary toward the cost of any project established or administered by any such organization or agency unless he determines that such project—

¹ *The 1975 Amendments, sec. 113, added Title IX as a new title in the Act. With minor differences, it is identical with Title IX of The Older Americans Comprehensive Services Amendments of 1973 (P.L. 93-29—May 3, 1973). That title, as enacted in 1973, was a separate Act, in no way a part of the Older Americans Act of 1965, as Amended. The changes in that Act in adding the new Title IX of the Older Americans Act, are discussed below in footnotes 2 through 9. The 1975 Amendments, sec. 113, after adding Title IX to the Act, repealed Title IX of the 1973 Act.*

(D) will contribute to the general welfare of the community;

(E) will provide employment for eligible individuals whose opportunities for other suitable public or private paid employment are poor;

(F) (i) will result in an increase in employment opportunities over those opportunities which would otherwise be available, (ii) will not result in the displacement of currently employed workers (including partial displacement, such as a reduction in the hours of nonovertime work or wages or employment benefits), and (iii) will not impair existing contracts or result in the substitution of Federal funds for other funds in connection with work that would otherwise be performed;

(G) ³ will not employ or continue to employ any eligible individual to perform work the same or substantially the same as that performed by any other person who is on layoff;

(H) will utilize methods of recruitment and selection (including listing of job vacancies with the employment agency operated by any State or political subdivision thereof) which will assure that the maximum number of eligible individuals will have an opportunity to participate in the project;

(K) will be established or administered with the advice of persons competent in the field of service in which employment is being provided, and of persons who are knowledgeable with regard to the needs of older persons;

(L) will authorize pay for necessary transportation costs of eligible individuals which may be incurred in employment in any project funded under this title, in accordance with regulations promulgated by the Secretary;

(M) will assure that, to the extent feasible, such project will serve the needs of minority, Indian, and limited English-speaking eligible individuals in proportion to their numbers in the State; and

(N) ⁴ will authorize funds to be used, to the extent feasible, to include individuals participating in such project under any State unemployment insurance plan.

(2) The Secretary is authorized to establish, issue, and amend such regulations as may be necessary to effectively carry out the provisions of this title.

(c)(1) The Secretary is authorized to pay not to exceed 90 per centum of the cost of any project which is the subject of an agreement entered into under subsection (b), except that the Secretary is authorized to pay all of the costs of any such project which is (A) an emergency or disaster project, or (B) a project located in an economically depressed area, as determined by the Secretary in consultation with the Secretary of Commerce and the Director of the Community Services Administration.

(2) The non-Federal share shall be in cash or in kind. In determining the amount of the non-Federal share, the Secretary is authorized to attribute fair market value to services and facilities contributed from non-Federal sources.

SEC. 903. (a) In order to effectively carry out the provisions of this title, the Secretary shall, through the Commissioner of the Administration on Aging, consult with the State agency on aging designated under section 304(a)(1) and the appropriate area agencies on aging established under section 304(a)(2) with regard to—⁵

(b) If the Secretary determines that to do so would increase job opportunities available to individuals under this title, the Secretary is authorized to coordinate the program assisted under this title with programs authorized under the Emergency Jobs and Unemployment Assistance Act of 1974, the Comprehensive Employment and Training Act of 1973, the Community Services Act of 1974, and the Emergency Employment Act of 1971. (c) In carrying out the provisions of this title, the Secretary is authorized to use, with their consent, the services, equipment, personnel, and facilities of Federal and other agencies with or without reimbursement, and on a similar basis to cooperate with other public and private agencies and instrumentalities in the use of services, equipment, and facilities.

⁷ *This subsection was subsection (e) in Title IX of the 1973 Amendments, which contained a subsection (d) not contained herein, reading as follows:*

"(d) The Secretary shall establish criteria designed to assure equitable participation in the administration of community service projects by agencies and organizations eligible for payment under section 902(b)."

⁸ *There was a second sentence in this subsection in Title IX of the 1973 Amendments, reading as follows:*

"The Secretary must establish standards for severance benefits, in lieu of unemployment insurance coverage, for eligible individuals who have participated in qualifying programs and who have become unemployed."

INTERAGENCY COOPERATION ⁹

(b) The Secretary shall consult and cooperate with the Director of the Community Services Administration, the Secretary of Health, Education, and Welfare, and the heads of other Federal agencies carrying out related programs, in order to achieve optimal coordination with such other programs. Any amount reallocated to a State under this subsection during a year shall be deemed part of its allotment under subsection (a) for such year.

(c) The amount apportioned for projects within each State under subsection (a) shall be apportioned among areas within each such State in an equitable manner, taking into consideration (1) the proportion which eligible individuals in each such area bears to the total number of such individuals, respectively, in that State, and (2) the relative distribution of such individuals residing in rural and urban areas within the State.
