

GROUP 6: DISEASE PREVENTION / HEALTH PROMOTION SERVICE

Service: Disease Prevention / Health Promotion

A. Explain How the Service is Implemented: Include such things as: staffing, assessments, and program evaluation. If subcontracted, describe the process and frequency of monitoring.

Services will be evidence-based as defined below:

- Demonstrated through evaluation to be effective for improving the health and wellbeing or reducing disease, disability and/or injury among older adults; *and*
- Proven effective with older adult population, using Experimental or Quasi-Experimental Design; *and*
- Research results published in a peer-review journal; *and*
- Fully translated in one or more community site(s); *and*
- Includes developed dissemination products that are available to the public

Instructions: For each evidence-based program (i.e. CDSME, MOB, Bingocize, Tai Chi, C.T.I., etc.), include 1) program name; 2) program description, to include how the program meets each of the 5 bullets in the above definition, or whether the program is considered to be “evidence-based” by any operating division of the U.S. Department of Health and Human Services (HHS); 3) qualifications of the instructors; and 4) other information including who will oversee, locations, tracking of participation, screening and assessment of participants, etc.

B. Description of III-D Population to be Served: Persons 60 and older with low-income, greatest economic need, greatest social need, risk of institutional placement, with particular attention to low-income, low-income minority, limited English proficiency, and residing in rural or geographically isolated areas. **(OAA Section 306(a)(1)).**

C. Service Provider(s):	FP	NFP	D. Jurisdiction(s) Served:

E. Describe Other Non-Federal Funds:
