- If you have diabetes, learning about your care through Diabetes Self-Management Education, can help you lower your A1C level by as much as 2.3%.

## Diabetes Programs in Your Area

### Diabetes Self-Management Education

Would you like to learn how to lower blood sugar levels, decrease diabetes complications, and reduce healthcare costs?

Diabetes education provides evidence-based tools to help people with diabetes to guide decisions and activities about their diabetes. Diabetes education has been proven to help people with diabetes stay healthy.

Centra Health - VA Baptist Hospital - 3300 Rivermont Ave, Lynchburg, Virginia 24503 (434) 200-4115  
Carilion New River Valley Medical Center - 1 Health Circle, Lexington, VA 24450 (540) 458-3221

### Diabetes Tele-education Program

Would you like to learn more about diabetes on-line?

The Diabetes Tele-Education Program has 4 diabetes classes offered to people with diabetes and their families. Classes may be viewed at a healthcare facility, or they can be watched at home. To learn more, click on the link below.

### Diabetes Eye Screening

Diabetes eye disease is the leading cause of preventable blindness among people ages 20-79 years. Vision loss can be avoided or treated with early detection.

Screening can help to detect diabetes eye disease early, even before any noticeable changes in vision. It is recommended that patients with diabetes have a dilated eye exam performed by an ophthalmologist or optometrist, routinely.

Laneve Jr, John F OD- 3601 Campbell Ave, Lynchburg, VA 24501 (434) 845-0629  
Madison Heights Eye Care PC - 5076 S Amherst Hwy, Madison Heights, VA 24572 (434) 846-7822
